SAVE 15% ON A RALEIGH E-BIKE

Have you decided that it's time you invested in an electric bike? Good timing: they're better than ever. Prices are often higher than conventional bikes but big savings are available: Raleigh has increased its Cycling UK member discount from 5% to 15% off RRP (on selected Raleigh e-bikes up until Christmas). The range is extensive, with folding, trekking and commuter bikes, so there's a Raleigh e-bike for everyone. cyclinguk.org/raleigh

E-cycles and security

PROTECTING YOUR RIDE

Electric cycles are becoming ever more popular in the UK, and it's not hard to see why. The added boost they provide helps people new to cycling to improve their health and fitness and allows current cyclists to go further, carry a heavy load or maintain a faster pace.

E-bikes come with an additional price tag so it's especially important to have plans in place to keep them safe. After all, even the most experienced riders can hit some bad luck – from a simple pothole to an opportunist thief. Plus, not all home insurance policies will cover your bike away from home.

Whether you ride an e-bike or not, we're excited to be partnering with cycling specialist Bikmo to offer Cycling UK members a 10%* discount on its award-winning, hassle-free cycle insurance. Bikmo's insurance includes theft, accidental damage and personal accident options, plus emergency bike hire and returning home cover – worldwide, 365 days a year.

Plus, save 25%* on Bikmo's e-bike policies (compared to regular bicycles ones) and benefit from a 50%** saving when insuring multiple bikes, covering the whole family on the same policy (cyclinguk.org/bikmo).

SCAN ME

We believe Bikmo is a great fit for Cycling UK and our members. In addition to offering great value

and excellent customer service, it is also an ethically driven company. As a 1% for the Planet member, Bikmo donates 1% of its annual revenue to good causes focused on the environment. From recycling damaged bike parts to keep waste out of landfill to supporting community cycling organisations, Bikmo shows it cares about the world in which we all cycle.

If you're buying a new bike, registering it on the UK's national cycle database, BikeRegister, is a great first step. To add a visible deterrent to would-be thieves, we'd recommend using a security marking kit. BikeRegister offers a range of three different marking kits, and as a Cycling UK member you receive 15% off all BikeRegister products (cyclinguk.org/bikeregister).

Next you'll need to make sure your bike is safe while you're out and about. That means a high-quality bike lock, ideally with the highest security rating you can afford. Hiplok offers a 20% discount to Cycling UK members on its innovative and secure range of bike locks (cyclinguk.org/hiplok).

Finally, if you need to store your bikes in a garden or other outside space, a secure and weatherproof storage unit may be just what you need. Don't forget that Cycling UK members receive a 10% discount from leading UK manufacturer Asgard Secure Steel Storage (cyclinguk.org/asgard).

*Minimum premium £3.73/mo and policy wording applies.
**Discount applies to lowest-value bike(s). This promotion is provided by Bikmo Ltd, Glendale House, Sandycroft Industrial Estate, Flintshire, CH5 2QP.
